Please explain your situation, and why you're looking to compete in this year's Anchor Down Ultra:

Please understand that most of the 230 spots to each year's ADU are reserved for athletes that meet Preferred Entry or Standard Entry qualification standards. That being said, we realize there might be times where someone's unique circumstances make them a prime candidate to compete at the ADU, despite not being able to meet the qualification standards as they are written.

Please understand there is NO PREFERENTIAL TREATMENT of elite runners or sponsored athletes. This "application" method of entry is strictly for people who cannot qualify for Method 1 (Preferred Entry) or Method 2 (Standard Entry) of ADU Qualification but still wish to enter the coming year's event. If you qualify, Method 1 (or Preferred Entry) is your best chance of getting into the ADU.

Lastly, please understand we will limit application-based entry to no more than 10 athletes each year. Thank you for your understanding.
